Sweet & Maxwell

Each article and case commentary in this issue has been allocated keywords from the Legal Taxonomy utilised by Sweet & Maxwell to provide a standardised way of describing legal concepts. These keywords are identical to those used in Westlaw UK and have been used for many years in other publications such as Legal Journals Index. The keywords provide a means of identifying similar concepts in other Sweet & Maxwell publications and online services to which keywords from the Legal Taxonomy have been applied. Keywords follow the Taxonomy logo  at the beginning of each item. The index has also been prepared using Sweet & Maxwell's Legal Taxonomy. Main index entries conform to keywords provided by the Legal Taxonomy except where references to specific documents or non-standard terms (denoted by quotation marks) have been included. Readers may find some minor differences between terms used in the text and those which appear in the index. Please send any suggestions to sweetandmaxwell.taxonomy@tr.com.
